Piano / technique sheet music free downloadQ: using preg replace to replace all occurrences of "maxdiv" in a string I have a string " This is my random string with maxdiv" and I need to remove all occurrences of "maxdiv" only the first one. So I need to replace with a blank but keep the rest of the string untouched. I am trying to do this with \$string = preg replace('/maxdiv/', '', \$string); This works to replace the "maxdiv" but everything following it is removed, and i need to keep it. Can somebody help me? A: You need to use preg replace callback: \$string = preg replace callback('/maxdiv/',function(\$m) {return '';}, \$string); Colorado's Stream of Democracy: Building a Movement for a People's Agenda Colorado's Stream of Democracy: Building a Movement for a People's Agenda Over the last several years, Colorado has been moving toward what we call a "stream of democracy." The current state constitution sets forth an overreach of government in the face of the rights
